### UNION LABEL LEAGUES URGED BY IRLBURN

Local Groups Stressed for Protection of Sale of Union Goods and Services by A. F. of L. Union Labor Trades Department Secretary—Mobilization of Women Asked for Benefit of High Labor Standards.

By A. F. of L. News Service.

Washington, D. C.—The organization of union label leagues in the community where there are trade unions was recommended as a 100 per cent effective method for popularizing union goods and services by I. M. O'Grady, secretary-treasurer of the American Federation of Labor Union Label League Department. His address here over the network of the National Industrial Conference Board.

With wage and hour chieftains doing their utmost to lower the cost of the workers by cut-throat competition for the sale of their goods, O'Grady stressed the importance of mobilizing women in a movement to buy union-made goods the billions of dollars expended by trade unionists to secure a mighty force in improving the economic conditions of the workers.

He urged that a union label league be organized to organize a local union label league. With the help of "Hundreds of them have been formed in the past few years. It is an initial fee of \$1 to cover the cost of a charter. No other dues are imposed, such as dues or assessments are imposed by the Union Label League Department.

It is necessary to have an application for a charter approved by the National Union Label League of the United Labor Trades Department. It also can be secured by an endorsement of the central labor union. There is no fee for this.

By law, labor laws, full particulars, simply write to the Union Labor Trades Department, American Federation of Labor, 1015 Washington, D. C.

### No Child Labor in Union Industries

"The women can also join a union label league. With the help of the league and become definite and vital force in protecting the pay of all workers.

It may boom and prices may soar, but it does not place any more power in the hands of the average citizen unless he joins a labor union and trades with it. It is the only way to get the best of the labor market.

It may be some time before the average citizen understands the value of the union label. But the union label is a thing that can be obtained by every working woman and wages for themselves, and for their children in school and prevent their competing with the workers in the same industry or other similar places.

### Buy American-Made Goods

"The union label league furnishes a constructive program. It is thoroughly American because it is based on the buying of American-made goods. It is also American because it is based on the buying of American-made goods. It is also American because it is based on the buying of American-made goods.

"Some people purchase foreign goods because they are cheaper. But they are no bargain because they do not reduce the cost of living. By buying foreign-made goods our citizens only add to the cost of living and reduce their purchasing power. In fact, they elect themselves a handicap with which to measure American goods with which to measure American goods.

"If the merchants who sell cheap foreign goods are placed behind their counters, as clerks and salesmen, they will be able to reduce these foreign-made goods to their proper value. If they were as fairly and unemotionally as the American-made goods, they would be able to reduce these foreign-made goods to their proper value. If they were as fairly and unemotionally as the American-made goods, they would be able to reduce these foreign-made goods to their proper value.

### Union Label Abolishes Swindlers

"Within our own borders there are unfair and unsatisfactory conditions in swindlers. The union label is a thing that can be obtained by every working woman and wages for themselves, and for their children in school and prevent their competing with the workers in the same industry or other similar places.

### LABOR BOARD TO APPEAL JUDGE TIS'S DECISION VOIDING THE WAGNER ACT

Edict Enjoining Board and Holding Measure Unconstitutional Was Issued Before Officials Had Either Heard the Case or Ruled On It.

By A. F. of L. News Service.

Washington, D. C.—The National Labor Relations Board announced that it would appeal as soon as possible the decision handed down by Federal Judge Merrill E. Otis in Kansas City on December 21 holding the Wagner-Connery Labor Disputes Act unconstitutional, and enjoining the board proceeding with its announced hearing in the case of Majestic Flour Mills of America, which had been cited for alleged violation of the unfair labor practices section of the Wagner Act.

Practices Banned by Wagner Act. The unfair labor practices by employers which are banned by the Act, include:

1. Interfering with, restraining or coercing employees in the exercise of their rights to organize.

2. Discriminating in regard to terms of employment, or discharging or otherwise discriminating against an employee for filing a charge or giving testimony under the Wagner Act.

3. Refusing to bargain collectively with representatives of employees.

Although the Wagner Act prohibits unfair labor practices, it does not prohibit an employer from firing an employee for cause. The board has ruled that an employer may fire an employee for cause.

### 18 Billion Dollars Protected by Federal Deposit Insurance, Senator Adams Says

Fifty-one Million Accounts Are Insured—Limit For One Person Is \$5,000.

By A. F. of L. News Service.

In an address on recent banking legislation given under the auspices of the National Rural Forum sponsored by the Breeding Farm of Washington, D. C., Alva B. Adams, United States Senator from Colorado, declared insurance of bank deposits by the Federal Government has been a fundamental element in restoring the confidence of the people in the banking system.

The most important change in the banking system made by the banking act of 1933 and 1935, Senator Adams said, "was the institution of a system of Federal deposit insurance. This system now includes practically all of the banks in the United States, both State and national."

The act also provides the deposit of each individual depositor is insured up to \$5,000. Fifty-one million accounts in the banks of the country are now insured in full.

These accounts comprise 98.1 per cent of the deposits in insured banks of the country. The aggregate amount of deposits insured is \$18,000,000,000, which is \$45 per cent of the total deposits in the 14,214 insured banks.

All Losses Paid. During the existence of deposit insurance, both temporary and permanent, aggregating \$1,000,000,000, the insured banks have closed. The income which the insured banks have received during this period upon their deposits has been sufficient to pay its losses in these banks. The insured banks have not drawn upon its capital or reserves to pay its losses.

The cost of the Federal Deposit Insurance Corporation is \$1,000,000,000. The cost of the Federal Deposit Insurance Corporation is \$1,000,000,000. The cost of the Federal Deposit Insurance Corporation is \$1,000,000,000.

### WAGNER SAYS 14,000,000 NEW HOMES ARE NEEDED

New Section Urges \$800,000,000 Federal Fund to Subsidize Local Housing Groups.

By A. F. of L. News Service.

Declaring that large numbers of the American people live in houses which are insanitary and not well adapted to decent living conditions, Senator Robert Wagner of New York introduced a bill which calls for a Federal appropriation of \$800,000,000 to subsidize local housing groups in carrying forward a nationwide program of housing improvement.

"It is reliably estimated," he stated in explaining the necessity for the bill, "that in ten years we shall require 14,000,000 new homes. It is estimated that the normal population increase, for example, will require the construction of 14,000,000 new homes."

Wagner said his bill would provide for the construction of 14,000,000 new homes. The bill would provide for the construction of 14,000,000 new homes. The bill would provide for the construction of 14,000,000 new homes.
